

CORONAVIRUS (COVID-19) COMMUNICATIONS

April 10, 2020

Austal Teammates,

Great job this week. As we all continue to live through a very challenging time in our Nation's history, we continue to fulfill our mission of helping sustain our Navy and Nation's defense, while looking out for each other by following CDC guidelines. I can't tell you how much I appreciate your efforts.

I would also like to give a huge "Thank You" to our Site Services team for the great work they are doing with the enhanced cleaning throughout the facility, including sanitizing areas with foggers in the evenings and weekends. They are doing a fantastic job helping protect each of us and our families.

Please remember, the most important thing each one of us can do is follow CDC guidelines both at work and at home, including washing hands frequently, using hand sanitizer when you can't, refrain from touching your face, stay home if you're ill, and maintain social distancing wherever/whenever possible or use a cloth face covering if you can't (use the one we gave you or your own). There is no doubt that if we continue to do what we're doing, and we all constantly follow these guidelines, we can help protect each other, our families and our community, while we help protect our country.

Again, thank you so much for all you're doing. I'm so proud to be a part of this incredible team.

Have a very safe and healthy Easter weekend.

Craig

A handwritten signature in blue ink, appearing to be the name "Craig".
