

# CORONAVIRUS (COVID-19) COMMUNICATIONS

April 24, 2020

## Austal Teammates,

I want to thank you all again for another great job this week during this very challenging time. Through our efforts, we continue to fulfill our mission while maintaining the health and well-being of the incredible team here at Austal USA, our families and our community. Let's keep it up!

Our fight against the coronavirus shows encouraging signs of progress, but it's far from over. It is imperative we continue to follow CDC guidelines, both at work and at home. We must continue social distancing or wear face coverings when that's a challenge; continue washing hands frequently or use hand sanitizer if unable to. **Please do not come in to work if you are feeling ill, especially if you have a fever, dry cough, or shortness of breath** - stay home, contact your physician to get proper medical attention, and get well. Contact Austal medical as well.

As our communities progress toward recovery, and we await the economy to reopen, we have extended our Enhanced Leave Policy until May 17<sup>th</sup>. This will continue to provide more options for those with specific challenges during this time.

I'm so proud of our response to this pandemic – and if we stay vigilant in continuing to follow CDC guidelines, we will win this war against the coronavirus.

Thanks so much for all you're doing. I'm so proud to be a part of this incredible team.

Stay healthy and have a great weekend!
