

SECURITY UPDATE

January 25, 2021

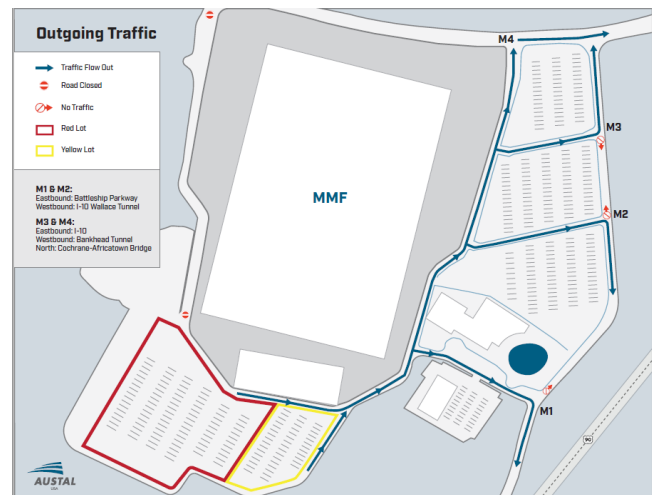

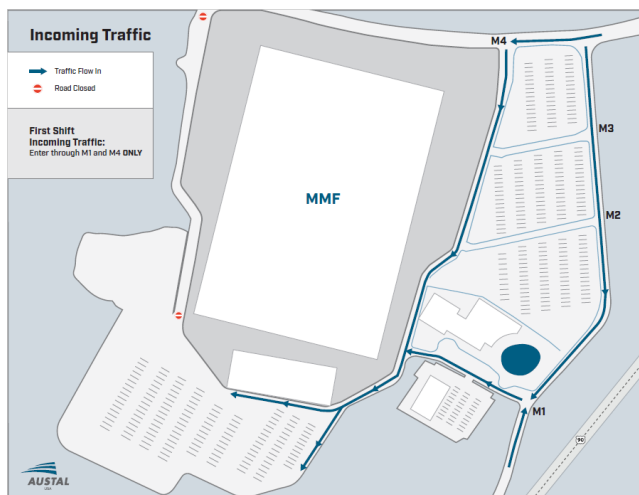

TRAFFIC CHANGE

We are excited our expansion into steel shipbuilding is ready to begin. As part of the expansion we have to make some **adjustments to schedules and gate entrances.**

The adjustments below are **effective Saturday, Jan. 30:**

- **CLOSED** Gate M7 our southwest gate will be closed due to construction of the steel panel line.
- **DETOUR** Gates M1-M4 will be used for entry and exit:

(Click or see attached for larger images)

- **RED LOT** will be expanded to compensate for the parking spots lost to construction.
- **WE ASK** employees headed home via the Bankhead Tunnel or Africatown Bridge to use Gate M4. Employees headed home via the causeway can use Gates M2, M3 and M4.
- **CHANGE TO WORK SCHEDULE** due to gate closures and to minimize traffic issues we have made the following change to work schedules:
 - FA/VCY 5:30am – 2:00pm (No change)
 - MMF1 5:45am – 2:15pm (Shift adjusted 15 mins)
 - MMF2 6:00am – 2:30pm (No change)

There is no impact to Austal West Campus (AWC)
