

CORONAVIRUS (COVID-19) COMMUNICATIONS

August 24, 2021

Austal USA teammates,

We are up to 149 COVID cases in August on pace to double last month's cases. This continues to underline the importance of our entire work force being vaccinated.

To help meet this goal the USA Health medical team will be on site Thursday, August 26th and Friday, August 27th to administer the FDA approved **Pfizer** vaccine to Austal employees. This clinic is open to all employees, contractors, suppliers and customers, including those needing their first or second round dose. USA will host the clinic at 2 locations - OC Mur B Conference Room and the Mid Yard breakroom.

CLINIC HOURS - August 26th (Thursday) 2:30pm - 5:00pm
August 27th (Friday) 8:00am – 12:00pm

Hourly/non-exempt employees may take up to three days unpaid after each dose if needed. In this case, occurrences will be waived as personal medical days. Salary employees are required to use personal or vacation time per policy. Please report symptoms to Austal Medical 251-445-8585.

If you have not signed up for the vaccine and want to take advantage of this free on site clinic, please get with your Supervisor and we will assign a time for you.

Mike Bell
Senior Vice President of Operations
