

SECURITY

Parking Notice – Blue Lot (Near OC) | March 12, 2026

To support the upcoming **Supplier Fair and large on-site event**, Austal Security will need to block off approximately **80 parking spaces** in the **Blue parking lot near the OC** tomorrow, **March 12, 2026**. These spaces will be reserved and unavailable for employee parking **throughout the entire day**.

This temporary restriction is necessary to safely accommodate event setup, vendor participation, and the increased activity associated with hosting a large event on site.

We understand that parking availability is already limited and sincerely apologize for any inconvenience this may cause. Please refrain from parking in this area of the Blue parking lot. Employees are encouraged to plan ahead and allow extra time for parking, as you may need to park in an alternate area and walk a bit farther to your work location than usual.

Your **cooperation and understanding are greatly appreciated** as we work to successfully host this event. Thank you for your support and flexibility.
